Our Story

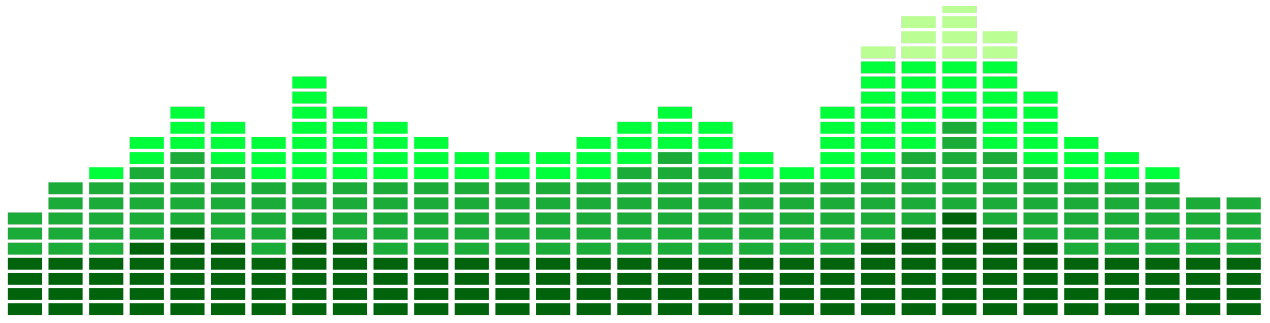

As Pittsfield prepared to open a brand-new Taconic High School in 2018, there was a very real possibility that listeners in our community would lose WTBR-FM. The station, in operation at the school since the 1970s, would go off the air permanently without a community partner to step in to rebuild, manage and operate it.

Enter Pittsfield Community Television– in partnership with the Pittsfield Public Schools, WTBR has re-emerged as a community media powerhouse. Preserving the equipment and massive vinyl collection of the Taconic landmark, the new WTBR combines the Classic Rock that listeners have come to love with a diverse range of locally-originated programming produced by members of our Central Berkshire community!

In this way, PCTV and WTBR continues to serve our community, preserving this beloved station promoting local content. We welcome you to visit our beautiful new WTBR-FM radio production studio at 4 Federico Drive, Suite 2 (just off of outer East Street) in Pittsfield!
